

# ST. JOHN'S SEMINARY

ON THE CAMPUS OF ST. JOHN'S UNIVERSITY  
COLLEGEVILLE, MINNESOTA 56321

March 10, 1967

Dear [REDACTED]

I have obtained the list of the seminarians that are very interested in this program that you have brought to our attention. As I talked and discussed this with them, they all agreed that this can be time well spend, and that they too will enjoy themselves. So, we will be waiting to hear from you and the other mothers.

I called Mrs. [REDACTED] and told her that I had obtained this list. She was very happy to hear this and expressed great hope that this program would be helpful to both the mothers and the seminarians alike. She mentioned that she wasn't sure just how many mothers were interested. This would have to be discussed at your next meeting.

This is the list; there might be more later on:
