Just a message to share the unmitigated gall and arrogance of this diocese. I have posted Fr. Anthony Oelrich to the SNAP board previously. He is an RC priest who has destroyed two families that are known to the diocesan officials. He is in an ongoing relationship of over 10 years duration with one woman, her children have watched the inappropriate and hypocritical behavior for that long. Three out of five of the kids want nothing to do with the RC, two out of five have had severe emotional problems. The bishop KNOWS he has a problem on his hands.

Now we have discovered that this priest, Anthony Oelrich will be teaching a course during a diocesan laity teaching day on sexual self mastery, self control and self sacrifice in marriage!!  
this will take place on Thursday August 24 in St. Cloud MN.

Next week (7/17 and following) he will be in Chicago speaking on lay education to some group of priests.

We've been advised (by one advocate)not to show up lest we be charged with trespass or harassment. Any suggestions from those of you who have fought this battle longer than us?

This situation is so maddening. That priest should have been booted out of the priesthood and the family given help/support. A Methodist family in Michigan is going through much the same ordeal. Hypocrisy in its highest form!

Maybe your family can network with the Michigan family. Their children are having problems as well. So much for the sanctity of the family. So-called "men of God" can destroy the family unit and emerge unscathed, venerated by their clueless followers. I admire you for standing up for your husband and stepchildren.

I would think that trespassing would be on private property only. Public property should be an area where you are free to be and express your opinion such as a sidewalk, park, etc.

Just an update. As of 9/2 2007 Bishop Kinney, in his infinite wisdom has seen fit to install sexual predator Anthony Oelrich as the rector of the Cathedral of St. Cloud, MN. This is a position Oelrich has lusted for for years.

We recently learned from adult children who were subjected to witnessing this that Oelrich had spent the last years of his family's lifetime...

Yup, the RCC is one nasty organization. And one of main reasons that the Christian church has such a bad name among the non Christian community. Hope Kinney's proud of his boy. We haven't stopped looking for ways to bring this to light, but so far no luck among the media.

On the up side, I was glad to see that when you google the Diocese of St. Cloud, the first thing you see is my posting about Oelrich...

Punkles,

The next Educating To End Abuse show is scheduled for the 20th of Sept. , Please call in and tell us your story, what you know about what is going on in St. Cloud and if one of the adult children could call in and tell the viewers how this priest's sexual exploitation of their mother has effected them would be very educational. If you have any questions or think that this might be an avenue you would be interested in to get the word out about this predator please contact me, pwarren17@cox.net. If you want to view previous shows you can view portions of the shows on my website at [www.educatingtoendabuse.com](http://www.educatingtoendabuse.com). 'Rector' at the Cathedral, sounds like the 'big man on campus' - typical. Heterosexual, deviant priests are rewarded in the RCC.  
Take care, keep fighting, keep speaking out against the atrocities within the 'one true faith'
